▶ Call for Papers

• Smart Grid Architectures

National/Global Energy Interconnection

Smart Grid Architectures and Models

Integration of Distributed Resources

Large-Scale Energy Storage

Smart Grid Technologies and Equipment

Smart Grid Implementation and Field

Trials

Smart Grid Load and Energy

Management

• Clean and Renewable Energy

Wind Energy Generation

Renewable Energy Grid

Renewable Energy Utilizations

Electric Vehicles and Vehicle-to-Grid (V2G)

Energy-Efficient Technologies

New Energy Materials and Devices

• Power and Energy Engineering

Electricity Market and Power System

Economics

Power Generation, Transmission and

Distribution

Fault Monitoring and Predictive

Maintenance

Power Electronics and Drives
